

# SLEEK *and chic*

## Elizabeth Rick asked *Grand Designs* to design and install this stunning kitchen at her Ranmoor home

**I**s your kitchen in need of a make-over? Then call in the experts at *Grand Designs*. They will bring about a transformation, as they did for Elizabeth Rick at Ranmoor, who says: “*My kitchen was looking tired and dated, and was not very functional. I wanted new, sleek lines, plenty of storage and a better view onto my garden.*”

Elizabeth drove past their showroom in Crookesmoor, and was so impressed by the attractive window displays she popped in for a closer look. She wanted a design company that could undertake every facet of the installation, and work alongside builders who were extending her kitchen.

Says Elizabeth: “*I chose Kevin and team because they were very helpful from the moment I walked into their showroom. They came up with the best ideas, and their quote was very good value for money.*”

Contemporary oyster-coloured units were installed, giving acres of easy access pull-out storage systems, so there was no bending down to get in the bottom shelf for Elizabeth, and sourced all the new

integrated appliances, including dishwasher, washing machine, oven, and fridge-freezer.

The cupboard units are nicely complemented by the grey-flecked worktops made of Silestone, which is incredibly tough, durable and non-permeable (virtually bomb-proof), with matching oyster coloured glass behind the hob. An extra-deep worktop was fitted behind the sink to create another eating area.

High-gloss ceramic floor tiles match the work surfaces, giving the kitchen those sleek lines Elizabeth desired.

*Grand Designs* offer a complete hassle-free service, including all plumbing, plastering, electrical and building work, and decorating.

Says Elizabeth: “*Grand Designs offered a thoroughly professional service.*

*I was impressed by their approach, creativity and eye for detail. It was very helpful that they could undertake every bit of the work. All the workmen were very good.*”

## KITCHENS • BATHROOMS • BEDROOMS

Grand Designs specialises in making ordinary rooms extraordinary. Our service is hassle free. Your new kitchen, bathroom, wetroom or bedroom will be project managed from design to installation, including all tiling, flooring, electrical work, plastering - and even the decorating.
